KLOTZ ASSOCIATES WELCOMES NEW TEAM MEMBER BRIAN ADDICKS, P.E., AS STORM WATER DEPARTMENT MANAGER

Houston - Klotz Associates is pleased to announce that Brian Addicks, P.E. has joined the firm as Storm Water Department Manager. Addicks comes to Klotz Associates with 15 years experience as a professional engineer. He has worked on dozens of major drainage and transportation projects in conjunction with local governments and agencies, such as Harris County Flood Control District and Harris County Public Infrastructure Department.

“We are very excited to have Brian join our team. He will work in continuing the leadership of our storm water sector,” commented D. Wayne Klotz, P.E., D.WRE, President of Klotz Associates. Klotz continued, “Brian is well-versed not only in hydrology & hydraulics, but also roadway design & transportation analysis. The combination of these two disciplines is unique and is a major asset to this firm.”

Addicks is active in several professional organizations, including the Texas Institute of Transportation Engineers (TexITE), Texas Floodplain Management Association (TFMA) and the Association of State Floodplain Managers (ASFPM). Addicks is a resident of Sugar Land and has been a member of the Fort Bend County Chamber of Commerce and the West Houston Association (WHA). Addicks received his B.S. in Civil Engineering from the University of Houston.

Klotz Associates was founded in 1985. The firm provides transportation, land development, traffic, ITS, water and sewer, aviation and drainage consulting engineering services to governmental and private sector clients. Klotz Associates was twice named to Zweig-White’s Hottest List of fastest growing firms in the engineering, architectural and environmental consulting industry.
