**KLOTZ ASSOCIATES ANNOUNCES NEW STORM WATER DEPARTMENT MANAGER,
NANCY SULLINS, LEED AP**

Houston – Klotz Associates is honored to announce that Nancy Sullins, LEED AP, has been selected as the new Storm Water Department Manager within the Public Works Department.

A native to the southeast region, Sullins has provided water quality solutions to a variety of cities across the United States. She has worked on numerous projects over the last 20 years; accumulating client, staff and project management experience. Sullins' specific area of expertise lies in regulatory water quality and water resources issues.

Sullins received a Bachelor's Degree in Biology and a Masters Degree in Environmental Quality from the University of South Carolina. In 2006, she attended the University of Pittsburg and obtained a Master's Certificate in Project Management. Sullins is a LEED AP certified professional which signifies an advanced, in-depth knowledge of green building practices.

"Nancy Sullins' wide array of leadership excellence throughout the nation exemplifies the talent Klotz Associates possesses. She is an excellent asset to our firm with professional insight and a noted background," stated D. Wayne Klotz, PE, D.WRE, and President of Klotz Associates.

Founded in 1985, Klotz Associates has twice been named to Zweig-White's Hottest List of fastest growing firms in the engineering, architectural and environmental consulting industry. With a staff of 115 professionals, the firm provides land development, transportation, traffic, ITS, water and sewer, aviation and drainage consulting engineering services. For more information call 281.589.7257 or visit www.klotz.com.
