KLOTZ ASSOCIATES NAMES NEW CHIEF ENGINEER:
ROBERT L. JOHNSON, PE

Houston – Klotz Associates has named Robert L. Johnson, PE as the new Chief Engineer of Klotz Associates. Johnson joined Klotz Associates in March of 2007 as a Vice President of the consulting engineering firm.

Mr. Johnson has 39 years of civil and environmental engineering experience with expertise in both public and private sector projects. He has been involved in many aspects of management within Klotz Associates including; environmental audits: assessments, planning, design, and construction phase services. As Chief Engineer of Klotz Associates, Johnson will be responsible for the firm's technical procedures and the professional development of Klotz Associates' personnel. He will also be responsible for the execution of cost-effective yet innovative and sustainable project solutions for Clients.

Johnson is a licensed Professional Engineer in Texas, a member of the American Society of Civil Engineers (ASCE), and a member of the American Public Works Association (APWA). The Institute Management Award and Training Certificate Award are just a few awards Johnson has won with Klotz Associates for his outstanding leadership qualities. A 1970 graduate of Lamar State College of Technology in Beaumont, Johnson received his Bachelor of Science degree in Civil Engineering.

Founded in 1985, Klotz Associates has twice been named to Zweig-White's Hottest List of fastest growing firms in the engineering, architectural and environmental consulting industry. With a staff of 115 professionals, the firm provides land development, transportation, traffic, ITS, water and sewer, aviation and drainage consulting engineering services. For more information call 281.589.7257 or visit www.klotz.com.
