KLOTZ ASSOCIATES NAMES NEW PROJECT MANAGERS IN AUSTIN OFFICE

NEW ROLES FOR FLORES-GUTIERREZ AND SCHWERDTFEGER

Austin - Klotz Associates is pleased to name Daniel Flores-Gutierrez, PE and James E. Schwerdtfeger, PE as Project Managers in the firm's Austin Office. Their experience in water resources, bridge safety and transportation will enhance the leadership skills they have already demonstrated.

Daniel Flores-Gutierrez, PE, CFM has performed complex hydrologic and hydraulic design and analysis for municipal, county and state projects, including projects for the City of Austin and Hidalgo County. Providing cross-drainage design, storm sewer design, stream and scour potential analysis along with Stormwater Pollution Prevention Plans and Water Quality Plans for Clients, Mr. Flores-Gutierrez has also worked extensively with roadway projects, large and small, for the Texas Department of Transportation (TxDOT).

In his position as Project Manager, he will manage and lead design efforts on Klotz Associates' transportation, water resources and bridge inspection projects. Mr. Flores-Gutierrez is a Licensed Professional Engineer in the State of Texas, as well as a Certified Flood Plain Manager. He earned his bachelor's degree in civil engineering from the University of Texas.

James Schwerdtfeger, PE has analyzed and designed all aspects of Texas' highways from rehabilitation construction and signalization to illumination, signing and striping. His experience in project engineering and management along with supervision of project staff and reporting provides Klotz Associates' Clients with the experience they need to complete projects effectively. His engineering expertise has already benefited municipalities throughout central Texas as well as TxDOT. In his role as Project Manager, Mr. Schwerdtfeger will lead design engineering on traffic and public works projects beginning with a street reconstruction project for the City of Austin.

Mr. Schwerdtfeger earned his bachelor's degree in civil engineering from Texas A&M University and is a Licensed Professional Engineer in the State of Texas. He is also a member of the Institute of Transportation Engineers - South Texas and Capital Area Sections.

"Congratulations to these two new Project Managers. Our outstanding water resources and transportation groups continue to attract and develop new leaders for our Clients in central Texas," said D. Wayne Klotz, PE, D.WRE, President of Klotz Associates.

Klotz Associates is a full service civil engineering firm, providing transportation, land development, traffic, ITS, water and sewer, aviation and drainage consulting engineering services. Founded in 1985, the firm has a staff of 125 professionals and offices in Houston, Austin, San Antonio and Lufkin. Klotz Associates is a 2009 Alfred P. Sloan Award recipient and was twice named to Zweig-White's Hottest List of fastest growing firms in the engineering, architectural and environmental consulting industry.
