KLOTZ ASSOCIATES: RECOGNIZING EMPLOYEE ACHIEVEMENT

Houston - Klotz Associates proudly announces that Dan A. Sullivan has been named a Shareholder of the engineering consulting firm and Fergus M. Graham, PE an Associate.

Manager of Information Technology (IT) Dan A. Sullivan has 20 years of telecommunications experience. Throughout his years at Klotz Associates, he has focused on the design, implementation and maintenance of the firm's computer network. Sullivan is a contributor to the Texas Council of Engineering Companies (TCEC) IT Roundtable. He has been with Klotz Associates for the past 13 years and in 2007 was named an Associate of the firm. Sullivan's true understanding of the company from all aspects, ranging from business operations to industry expertise, represents the qualities of a Shareholder.

Fergus M. Graham, PE has focused the majority of his 13 years in engineering on wastewater, hydraulics and hydrology. His portfolio includes a wide range of projects for public entities such as Texas Department of Transportation (TxDOT), Harris County and the City of Houston. Graham is a member of the Texas Floodplain Management Association. He received a BS in Civil Engineering from the University of Paisley (Scotland). Graham has been with Klotz Associates for eight years and is currently the Department Manager for Geographic Information Systems (GIS). An Associate of Klotz, Graham performs as an example for others and has been identified as a future leader and potential owner of the firm.

D. Wayne Klotz, PE, D.WRE, and President of Klotz Associates, noted *“Our employees are our firm. Recognizing dedicated professionals like Dan and Fergus is a reflection on the firm and makes us all proud.”*

With over 25 years of excellence, Klotz Associates has been recognized by the ENR Top 500 List of Best Design Firms in the nation and has twice been named to Zweig-White’s Hottest List of fastest growing firms in the engineering, architectural and environmental consulting industry. With a staff of 115 professionals, the firm provides transportation, traffic, ITS, water and sewer, aviation, drainage, land development, and consulting engineering services.
